

ENEMEEZ®

Is bowel care taking longer than an hour for your patients?

Ineffective bowel care can create a life-limiting experience. Enemeez® mini-enemas work fast, typically in 2-15 minutes¹, and can help patients minimize the time spent on bowel care routines, increase confidence and maximize their lives!

ALOCANE® *plus*

Are your patients experiencing pressure injuries?

Alocane Plus® forms a protective barrier on the skin to help relieve pain and itching.
